A Western/Indian instruments Course/Program for Kids

*Syllabus, course, content copyright of
Veena Venu Art Foundation

About the Course/Program:

- **A western /Indian instruments course/program for kids. Learning to play an instrument has many advantages for growing children – playing an instrument stimulates parts of the brain responsible for the development of large and small motor skills and building the memory. Music can help with the development of maths skills; Music can give children a way to express themselves, to unleash their creativity. Instruments taught in this course are: Sitar, guitar, Harmonium, Keyboard, Violin, Veena and many more. Music is infinite and time is less. Join now...**
